PARENT LINK : TERM 3 2023

6 September 2023

Dear Parents & Guardians

In this Term 3 issue, we have featured events chronologically from late May to end August to give you a sense of what students continued to experience in school. Our students had an exciting term participating in academic and co-curricular activities ranging from the Drama Elective Programme showcases, History Challenge to National Day, National School Games, learning journeys, enrichment activities among others. Of special fondness to our KC family was to welcome once again, a teacher and 10 students from Fukuoka Futaba School, our sister school in Fukuoka, Japan. We also closed the term strongly celebrating Teachers' Day as one big KC Family.

KC Career Day

'Preparing Today for Tomorrow' was the theme for this year's Career Day on 31 May which brought together professionals from diverse careers - such as cybersecurity, library and archives, media, law, healthcare, finance and marketing, early childhood, social services and the military - to speak with our graduating cohort.

Through the lively and engaging sharing of our esteemed speakers from our alumni, parents and industry partners, our girls' view of the world of work was widened.

Particularly, they developed an appreciation for different career pathways and how one's career could make a positive difference to others.

It was truly an enriching day for them, judging from the smiles on their faces and post-session feedback.

Netball Carnival

KC netball participated in the 2023 Springfield Secondary School Netball Carnival on 21 June, where both B and C division players competed with 4 other schools in a round-robin format of 15 minutes each. Our players demonstrated grit and competitiveness in every match, learning from their mistakes and performing better in subsequent matches. We are proud to achieve a 3rd placing for the C division team and 2nd placing for the B division team.

Floorball

The Floorball team has done well this term!

In the Storveta Cup organised by Youth Floorball Academy and Storverta Innebandy Uppsala, that took place from 23 to 25 June, our U14 and U16 girls have done us proud. Our U14 girls won the 1st team placing while our U16 girls won the 1st runner up.

The girls also participated in the U15 SG Open 2023 which was held on 8 and 9 July. It is the biggest and largest international floorball tournament in Asia, rendering it a tough competition. Nevertheless, our U15 girls emerged 1st runner up despite the stiff competition.

On 22 and 23 July, our floorball girls took part in the ActiveSG PESTA Sukan Floorball Championship 2023 in the U14 category. Our team competed against 9 other schools and the girls' hard work paid off, as our U14 girls defended our 2022 championship valiantly to keep the championship title.

Our C division floorball team wrapped up their season on a high note, securing a triumphant victory in the 3rd/4th placing match. This achievement earned them the well-deserved title of 2nd runner-up in the National School Games Floorball Championship. The unwavering support of our Sec 2 students, led by the house captains, was evident as they attended the match and cheered wholeheartedly. Their enthusiastic support greatly uplifted the team's spirit throughout the match.

Our heartiest congratulations to our girls and may they continue to scale greater heights.

Drama Elective Programme (DEP)

On the eve of Youth Day, we celebrated the vibrant spirit of our youth at the SYF Celebrations 2023 Festival Concert, with the gracious presence of Mr. Chan Chun Sing, our Minister for Education. Our Sec 3 DEP students collaborated with students from two other DEP schools to stage an interactive play that ignited enthusiasm among the audience at the Esplanade Theatre. Our students not only forged beautiful friendships with their fellow drama enthusiasts but also gained valuable experience performing on a national platform. We want to thank the parents for their unwavering support through the tireless rehearsals! Your encouragement has been instrumental in our students' success!

On 6 and 7 July, the Sec 4 DEP students presented their graduating showcase of their drama coursework consisting of monologues excerpted from local plays and pieces they devised themselves. Over the two days, the drama students transformed into different characters as they interrogated the concerns of 21st century life, from the very identifiable problems of finding the perfect shoe, to the darker realities of the flaws and necessities of boundaries. Using everyday items like rice and cardboard boxes, and situating characters' lives within frames and doors, the students opened the audience's eyes to all the eye (i) cannot see, to discover perspectives and paradigms not previously considered. Stage managed by the Sec 3 DEP students as part of their learning of performance support, the showcase was a triumph, with parents and students alike celebrating the possibilities that drama allows.

Entrepreneur Club – Financial Literacy for Youths (FLY) Challenge

On 8 July, 15 Entrepreneur Club girls participated in the inter-school FLY Challenge organised by Republic Polytechnic with the aim of promoting financial awareness among secondary school students in Singapore.

This national competition opened to all secondary schools saw a total of 40 participating teams. Our Entrepreneur Club sent 4 teams comprising 4 girls each. In this Challenge, participants were guided by Polytechnic students from the Common Business Programme as they engaged in a series of financial literacy games and quizzes.

We would like to congratulate one of our teams which won the Best Cheer Team for their creative financial literacy-themed cheer. The team comprised

1. Bok Wen Hui Siobhan from Sec 2/3
2. Muhammad Ilyas Zahra from Sec 3/3
3. Rubaina Aafreen from Sec 3/4

We hope the students have learnt useful skills and theories on financial literacy and we look forward to another year of participation in 2024.

T:>Works Annual 24-Hour Playwriting Competition

Over 15 and 16 July from 11am on Saturday to 11am on Sunday, 24 students from the Sec 3 full literature and upper secondary DEP participated in the annual T:>Works 24-hour Playwriting Competition. This year the competition returned to the on-site sleepover, this time held at Figment Club House, a carefully conserved shophouse. The themed element of conservation, transition, and transformation was only revealed on the day of the competition, and various stimuli were provided throughout the 24 hours which the students needed to incorporate into their script including a walk through the neighborhood to experience its sights and sounds. Armed with a myriad of snacks and opportunities to talk with other playwrights both professional and amateur, the students survived the 24 hours to successfully complete and submit their original plays.

The results of the competition would be released in October by T:>Works.

Singapore Secure Mobile Exhibition

Living in peace and security is taken for granted by many in Singapore. Yet, it is necessary to be aware and informed that there are existing and real threats that could potentially devastate our country. Hence, as part of the suite of Humanities partnership programme, KC snagged an opportunity to host the above from 17 to 21 July. The exhibition was put together by the Home Team.

Students browsed and examined the exhibition over the course of the week. In the process, they could better understand the nature and spectrum of terrorist threats. Critically, they learnt how best to respond should a tragedy occur. A call for calm, unity, and resilience to overcome the fallout completed the exhibition. Towards the end of the term, KC's annual emergency lockdown and evacuation exercise put into reality the scenarios outlined. Overall, it was a timely reminder that it is necessary to be prepared than to be caught off guard.

To encourage active engagement with the exhibits, students also participated in a school-based quiz that saw Sec 1/1, 1/3 and 3/3 emerged as the most participative classes.

Congratulations to these classes!

Hope for the Homeless

The CCA Council carried out a project: Hope for the Homeless, in partnership with New Hope Community Services, a social service agency that seeks to empower the homeless. Over the span of two weeks, the Council raised awareness on the issue of homelessness in Singapore, as well as conducted a food donation drive to give back to this community.

Through a presentation and infographics, the Council debunked myths about homelessness, including their accommodation arrangements, and shared more on causes of homelessness. An experiential booth was also set-up for students to view rough sleeping conditions modelled after real profiles, and they were invited to learn more via news articles and interviews.

With the help of CCA leaders, the CCA groups came together and successfully conducted the food donation drive to four of New Hope's shelters.

In all, awareness of homelessness was raised within the school community. We hope that in our individual capacities as well, empathy will be extended to this community of people.

Art Learning Journey to Singapore Art Museum

Despite a rainy afternoon on 20 July, our Sec 3 Art students and Sec 1 DSA Visual Art students ventured out to visit the Singapore Art Museum at its unconventional home at Tanjong Pagar Distripark. The girls experienced three exhibitions of both local and international contemporary art - Hito Steyerl's Factory of the Sun, Lila: Unending Play by Jane Lee, and SAM Contemporaries: Residues & Remixes.

The works on display were thought-provoking and conceptually demanding; it was truly a testament to KC's Art programme that even our Sec 1 students were able to keep an open mind and approach these works with curiosity. Aided by a Learning Journey resource designed specially for the visit, students closely observed and meaningfully discussed the works, honing their visual and analytical skills, and gaining a sense of possibilities for their own art practice.

Kindness@KC Movement

The Class Council rallied the KC Family on a campaign, Kindness@KC, to promote appreciation and respect within the school community. Inspired by the school's theme of the year, "Love one another", these student leaders designed a series of activities that spanned the first 4 weeks of Term 3 to engage everyone in this meaningful cause.

The school community was first invited to share their memories of acts of kindness and how it made a difference in their lives, and these topics were further explored through weekly podcasts featuring entertaining and thought-provoking dialogues between students and teachers. The school community had the opportunity to learn how to understand themselves and others better through a Care Bear Personality test, and exercised this renewed understanding about kindness through a BINGO competition where students completed challenges to show acts of kindness to schoolmates and staff members.

Book Club

On 24 July, 13 students from the Book Club had the privilege of visiting the Kinokuniya Bookstore at Takashimaya. It was a wonderful afternoon of exploration into the workings of the flagship bookshop. The students learnt about the challenges of keeping a bookstore open, considering the competition from online stores and the changes in the reading diets of young people today. We also enjoyed an appreciation of the Japanese philosophy toward reading as well as the principles behind the architectural design features of the store. The girls left with their eyes wide open and their awareness raised to the beauty of reading and the magic that is a bookshop.

13th Worldskills ASEAN Competition

On 25 July, a group of 18 students from Sec 3/7 and 3/1 went on an Education Career Guidance (ECG) learning journey to the Education Career Guidance Fair – 13th Worldskills ASEAN Competition at Suntec Singapore Convention and Exhibition Centre. Prior to the learning journey, the students completed lessons assigned to them in Student Learning Space portal as part of the pre-activity to the ECG Fair which involved them learning about the jobs and skills required for various career sectors such as infocomm technology, creative arts and fashion as well as social and personal services.

During the learning journey, the students continued to explore and take charge of their own ECG journey through exploration of opportunities and discovering possibilities as they took part in hands-on activities at the Try-a-Skill booths and workshops, interacted with professionals at the talks and exhibition booths as well as witnessed the Worldskills competition among ASEAN youths in 22 skill areas and more, which was the highlight of the learning journey.

During their Character and Citizenship Education lessons in the following week, the students continued to reflect on their learning at the ECG Fair with their form teachers and classmates, under the guidance of our ECG counsellor, Ms Sherry Long. We hope the students will find the learning useful when they consider their post-secondary course options.

CHIJ Katong Convent-Fukuoka Futaba(CHIJKC-FF) Exchange Programme

We are delighted to share that the CHIJKC-FF Exchange was held from 3 to 9 August. Our school proudly hosted 10 students and a teacher from Fukuoka Futaba (FF) School in Fukuoka, Japan, marking it a delightful post-Covid reunion of face-to-face interactions between our two institutions.

During their week-long stay in Singapore, the FF students had the privilege of being hosted by our Sec 1 and 2 students. CHIJ Katong Convent Primary School partnered us in hosting the FF students and staff for a school day as well. On 8 August, the FF students participated in our vibrant National Day Celebrations and the day ended with a heartwarming farewell ceremony with all students and staff involved.

Beyond participating in daily lessons alongside their KC host sisters, the FF students had the opportunity to immerse themselves in the vibrant tapestry of Singapore's culture. Together with their host families, they embarked on a journey to explore local sights, sounds, and flavors.

Through this wonderful arrangement, a unique cultural exchange and camaraderie was fostered, deepening mutual understanding and friendships, reaffirming our commitment to develop global citizens through cross-border engagement.

National Day Celebrations

8 August saw the school coming together to celebrate Singapore's 58th birthday with an observance ceremony in the morning. The parade contingent commanded by Mariam Irfan of Sec 3/3 comprised students from Girl Guides and National Civil Defence Cadet Corps, and the Student Leadership Board. Through the observance ceremony, the students were reminded of the significance of the national flag and the national anthem as symbols of our independence and nationhood. In his National Day message video, Minister for Education, Mr Chan Chun Sing shared three main messages - the use of technology in education, the spirit of lifelong learning and seeking new possibilities, just like what the pioneer generation did.

The celebrations continued in the classroom, where the students planned and carried out their own National Day party. Some snacks were provided for the party but the party was also an opportunity for KCians to be reminded of games that the older generations used to play! The students were engaged in playing chapteh, five stones, yoyo and skipping.

The day ended with a concert in the hall, where KCians were enchanted by the melodious tunes and energising performances from the choir, Chinese orchestra and the dramatic arts society. The teachers also surprised everyone with their own rendition of this year's song, Shine Your Light, which had the whole school entertained. The students' knowledge of Singapore and National Day in general was also put to the test with the Kahoot! quiz which kept all engaged. The hall segment ended with a mass singing of National Day songs. It was clear the crowd favourite was 'Tomorrow Here Today' from National Day 2016. With the results of the class games and quiz taken together, Deirdre House emerged as the overall champion House this National Day.

When the celebration ended with the singing of the National Anthem and reciting of the pledge in one voice, it was clear that all KCians had a memorable National Day celebration!

Ministry of Education (MOE) History Challenge 2023

This is an annual event organised by MOE Humanities Branch as part of the History Talent Development Programme to identify promising History students and develop their historical interest, understanding and skills.. 4 students, identified by their upper secondary History teachers, were invited to take part in an online quiz that challenged their historical knowledge and required them to apply discipline concepts across different periods.

Students identified by MOE after this initial Challenge will be given opportunities to deepen their engagement with History experts on a range of historical issues as they pursue their interests in post-secondary education. We are pleased to note that 3 Full History and 1 Elective History students have taken part. The results would be released by MOE in due course. We wish our participants the best.

The students are:

Full History

Corlyss Wong Xiang Ting (Sec 3/3)
Anjushree Archana Sanker (Sec 3/4)

Isabel Goh Zhi En (Sec 3/4)

Elective History

Koay Jo Wen Qian (Sec 3/5)

Infant Jesus Youth Mission (IJYM) Inter-School Competition

The resumption of normal school activities witnessed the gathering of the 5 IJ schools for the annual IJYM Inter-School Competition on 16 August. Based around an annual theme, each IJ school interprets and executes its activities to best live out the year's theme. As a service CCA, KC IJYM actively seeks partnerships with the community after researching what these needs are.

To date, IJYM had organised a donation drive, engaged seniors in our Marine Parade neighbourhood, dialogued with community-service practitioners, and brainstormed student-led ideas that resulted in a fund-raiser for our animal friends that are of a concern among IJYM members. We handmade bracelets and charms that were sold to fellow students that received overwhelming support. Through our activities, we provided members with service and leadership opportunities as we empowered members to plan and execute ideas to bring to life our commitment to serve the community. Our teachers provided oversight, guidance, facilitated, and liaised with external parties to ensure that we stayed true to our mission.

We are very happy to share that for the second year running, KC IJYM had been awarded a Certificate of Distinction for the work that we have carried out in 2023 at the recently concluded competition held at St. Joseph's Convent. We would like to thank members, our teachers, community partners and our parents for supporting the work that IJYM does.

Concert Band Solo Recital

Members of the KC Concert Band have had the pleasure of performing their solo repertoire to family and friends during a recital held on the evening of 18 August. The audience was treated to a delightful evening of solo and small ensemble music. A certificate was also presented to the Band Member of the Term, Remedios Chrissa Marie of Sec 3/3, for her outstanding attitude and conduct in the Band. Congratulations to all!

Experience ITE Programme

As part of ECG, the secondary 2NT students participated in the Experience ITE Programme on 18 August to ITE College East and 29 August to ITE College Central.

The Experience ITE Programme is a learning adventure for secondary school students, specially designed to help them discover a "Hands-on, Minds-on, Hearts-on" ITE education which can help advance their education and career pathways. Students had the opportunities to try out a variety of hands-on projects that challenged their creativity and helped them understand the application of the skills and knowledge that ITE students learn. They were also able to experience the exciting learning environment at the ITE colleges, as well as see for themselves the wide range of co-curricular activities and student facilities available to ITE students.

Some of the activities conducted include baking edible spoon as part of taster course from the applied food science department, working in teams to design their models in a modelling competition as part of immersive experience in the beauty services and hairstyling module, picking up coding skills to programme the zumo robot using the Arduino application on ipad as taught in the engineering module and executing drone take-off, flight, landing and acrobatics as part of the electronics module.

Dramatic Arts Society (DAS)@Community National Day Carnival

KC's DAS devised an original skit entitled 'The Road Ahead to Home' especially for the Marine Parade National Day Carnival that was held on 20 August. It was a story about a girl reuniting with her mother in Singapore after her parents' separation. In the process, she rediscovers her Singapore identity on this special day.

The girls relished the opportunity to perform in front of a live public audience and their energy and enthusiasm was palpable as they brought joy and laughter to the community present. Camaraderie between the girls was evident as they improvised to weather a few technical hiccups. In the process of the project, the DAS students learnt to create something with the audience and occasion in mind and to adapt their work as a team.

Arts & Culture (A&C) Programme Leadership Development

In Term 3, the A&C undertook a meticulous and discerning selection process to expand the ranks of our student body by inducting aspiring Arts Advocates. Students were nominated based on their dedication for the Arts and a resolute commitment to lead and serve in the school.

Both teachers and the existing A&C student Exco were involved in the selection process which included creatively designed activities and games, and platforms for nominees to share their ideas and suggestions on how A&C could effectively engage the student body in KC. Through the process, we could also see how far the student Exco have grown as student leaders over the course of their time in the A&C programme.

With the culmination of the selection process, A&C now welcomes our new batch of aspiring Arts Advocates. We look forward to the meaningful insights and perspectives they would provide to our programme and hope to provide a meaningful and enriching experience for them.

Mother Tongue Languages Competitions

My Story 2023 《我的故事 2023》华语演说比赛

11 students took part in 'My Story 2023' 《我的故事 2023》Mandarin Oratorical Competition.

They were Valarie Tan Yi Jia (Sec 2/3), Li Na Si (Sec 2/4), Yong Kit Yu, Emma (Sec 3/4), Ezanne Lee Rui Xuan (Sec 3/4), Yuan Yi Jia (Sec 3/4), Isabelle Ong Hui Xien (Sec 3/5), Soh Yi Lin, Serena (Sec 3/5), Hui Yi Lin (Sec 3/5), Olivia Yap (Sec 3/6), Sasha Yeo (Sec 3/6) and Liu Yi Nuo (Sec 4/4).

This competition was jointly organized by the Promote Mandarin Council and NoonTalk Media Company. Participants had to think on the feet and make use of the vocabulary words to complete the word chain and in another round, they had to creatively come up with a story based on the

given theme. After few rounds of tough competition, we are pleased to share that Liu Yi Nuo (Sec 4/4) emerged 3rd in the finals. Once again, our heartiest congratulations to Yi Nuo!

“Xin Lei Jiang”(新蕾奖) 21st National Secondary Schools Chinese Creative Writing Competition

To promote the use of Chinese language and the interest for creative writing among secondary students, Singapore Hokkien Huay Kuan, Singapore Literary Society, zbCOMMA and Nan Chiau High School co-organised this annual competition. This year, apart from the creative essay writing, poetry category, our students also took part in the ‘Chinese Creative Writing with Photography (新蕾爱拍客)’ photojournalism segment, which has always been their all-time favourite. The school is pleased to share that Avery Lim Xuan Rong (Sec 1/4) won the ‘Most Popular Instagram (IG) Post’. Congratulations to Avery! Her winning entry will be published in this year’s KC Chinese Language publication, so do look out for it!

National on-the-spot Chinese Creative Writing Competition (年度全国中学生现场华文创作比赛)

To promote literary writing and creative thinking skills, our school participated in the above-mentioned competition organised by the Boon Lay Community Club. Out of the 9 students who participated in the above-mentioned competition, we are delighted to share that Shen You Xuan (Sec 2/4), Yuan Yi Jia (Sec 3/4) and Liu Yi Nuo (Sec 4/4) received consolation prizes. Li Na Si (Sec 2/4) was 3rd in the overall Lower Secondary Category. Congratulations to our prize winners!

Chinese Hard-Tip Calligraphy Competition (威德智海全国硬笔书法比赛)

In our efforts to promote Chinese cultural appreciation, we submitted more than 160 entries to participate in the Chinese Hard-Tip Calligraphy Competition. This competition was jointly organised by Singapore Fo Guang Shan, Singapore Buddha’s Light Association and the Chinese Calligraphy Society of Singapore. The following students, namely Keira Chia (Sec 1/4), Shannon Allison (Sec 2/1), Li Na Si (Sec 2/4), Geng Xi Han (Sec 2/4), Kyra Lee (Sec 3/5) and Wu Zi Yan (Sec 4/5) qualified for the finals. KC also received the ‘Most Enthusiastic Participating School’ as well as the ‘Harmony’ Awards. We thanked all students for their keen participation and hope that they had found the hard-tip calligraphy a refreshing cultural experience.

Girl Guides: Baden-Powell Award

We would like to congratulate Joanna Gabrielle Teo Syu Lay (Sec 4/3) and Marissa-Faith Heng Yee Yin (Wang Yiyin) (Sec 2/4) for attaining the Baden-Powell Award. This award is conferred to Girl Guides who have demonstrated leadership qualities and proficient programme planning. Named after the founder of the movement, Lord Baden-Powell, the Award is the highest badge awarded by the Chief Commissioner of Girl Guides Singapore which represents the Girl Guide’s commitment to the Guide Promise and Law.

The process to obtain this award is a long one. In order to be nominated by a Guider for this award, a Guide would need at least a Silver Badge Award in the five-point programme and at least eight proficiency or interest badges. Prior to taking the test to be conferred this award, Joanna and Marissa-Faith consistently improved their skills and knowledge, demonstrated sound leadership in managing the company and supporting her patrol members’ growth respectively; they showed that they are self-driven and reflective leaders who are open to feedback.

Then, they had to pass two test components: a written test and an execution test. They successfully planned 2 Guides sessions based on the theme, 'Our World, Our Peaceful Future', taking into consideration the school's events in semester one. The execution test required Joanna and Marissa-Faith to carry out one of their weekly plans with Girl Guides from a different school online; they engaged them in relevant, meaningful activities and in a confident and caring manner. Throughout this process, Joanna and Marissa-Faith proved that they can be trusted to do their best, and are meticulous and systematic. They will receive their awards in September 2023.

Teachers' Day Celebration

We began the morning with Mass, celebrating our teachers and giving thanks to God for the privilege of the special mission he has entrusted to our teachers. In his homily, Fr Edward Seah made references to the reading from the book of Matthew, calling for everyone to be ready for the coming of God; to be faithful, to do good deeds and to pray. He also shared about St John Baptist De La Salle, who was a good friend of our IJ founder, Fr Nicolas Barre and was inspired by him to start the La Salle schools in Singapore and other parts of Asia. Fr Edward encouraged the students to pray for our teachers that they would persevere and experience joy in their vocation.

In the Prayers of the Faithful, the school took this time to pray for our teachers and staff, offering blessings and goodwill to be with them in their calling to nurture and anchor students in faith and knowledge to meet the needs and demands of the ever-changing world. We also prayed especially for the graduating cohort, for wisdom and strength as they see through their prelim exams and head towards their finals. Prayer cards were given to each graduating student to use whenever they needed hope and calmness. We were also thankful for our choir for singing songs and hymns to bless our teachers.

The Teachers' Day concert, themed "Love one another" and inspired by John 13:34, beautifully embodied the essence of demonstrating love and reflecting Christ's love. It served as a heartfelt tribute to our teachers, acknowledging their profound impact not only on students' academic growth but also on their emotional, mental, social, and holistic development.

The Student Leadership Board (SLB) worked in unison and led the student body to express their gratitude for the care and guidance they receive from the KC staff. The concert featured collaborative performances from the performing arts CCA and talented students who joyfully expressed their appreciation through dances and singing. Student leaders from the Open Mic programme served as emcees, while the Event and Logistics committee of the Student Council took charge of all the organizational details.

A highlight was the CCA Council's quiz segment, which had the entire school in stitches as they learned about their teachers' secondary school experiences. Following the concert, teachers returned to their classrooms to discover personalized appreciation parties, thoughtfully organized by class leaders under the guidance of the Class Council, complete with special activities to foster meaningful interactions.

This Teachers' Day celebration, as a KC family, would not have been possible without the dedication of our student leaders who prepared thoughtful gifts - caps with appreciation notes. Additionally, in collaboration with Heartware Network's "We Love Our Teachers" project, our teachers and staff received a heartwarming gift of an apple.

We extend our heartfelt thanks to the dedicated team of student leaders and teachers in the SLB for their collaborative efforts in ensuring the success of this year's Teachers' Day celebrations.

In CHIJ Katong Convent, we are continuously looking for and providing opportunities for our girls to have a rich and fulfilling school experience that will enable the girls to grow holistically to meet the challenges of tomorrow. It has been a fulfilling term of growth for the KC family and we welcome parents and guardians to continue to help source for or provide experiential opportunities for our students.

Thank you and may God bless you and your family.
